Series	Code	Model	Name	Description	Product Image	MSRP
Smart Station						
Smart Station	11.005600	LS082WH	Smart Station	Center of the smart home ecosystem, powerful processor with up to 500 connected devices, CoSS protocol		SAR 469
DEFED Smart Station	11.014850	LS205WH	DEFED Smart Station PRO(WiFi+7G EU)	The industry's first 4G-supported super gateway, the first open gateway that crosses systems and platforms, supports multiple protocols such as CoSS, Zigbee, Z-Wave, Wi-Fi, BLE, and Matter. The PRO version adds antenna configurations, increasing signal strength by five times, and offers three power supply options.		SAR 1,290
Main Touch Screens						
Nature 7 PRO	11.009500	LS227	Nature 7 PRO	A full-screen control panel incorporating all intelligent control features, Nature 7 PRO enables control of various smart home devices and shifting between different smart scenes like "Away", "Sleep", "Movie" or "Dinner". In particular, using Nature 7 PRO, a user can accurately control the degree to which a curtain opens and closes. Tune the brightness and color of a lamp or adjust the temperature of an air conditioner. Enjoy a truly smart life. The wall-embedded intelligent panel can be easily integrated into homes' styling with 7-inch touch panel and standard 86mm base. It is not only a personal smart housekeeper at your fingertip but also a smart property terminal within your reach.		SAR 2,159
Nature 7 PRO	11.014410	LS227	Nature 7 PRO（433）_White	A full-screen control panel incorporating all intelligent control features, Nature 7 PRO enables control of various smart home devices and shifting between different smart scenes like "Away", "Sleep", "Movie" or "Dinner". In particular, using Nature 7 PRO, a user can accurately control the degree to which a curtain opens and closes. Tune the brightness and color of a lamp or adjust the temperature of an air conditioner. Enjoy a truly smart life. The wall-embedded intelligent panel can be easily integrated into homes' styling with 7-inch touch panel and standard 86mm base. It is not only a personal smart housekeeper at your fingertip but also a smart property terminal within your reach.		SAR 2,159
4" Touch Screens						
Nature Mni PRO	10.005480	LS268-WH3	Nature Mini Pro(White 3 way)	4-inch HD touch screen; customizable operating system,; multiple protocols including CoSS, Zigbee, dual brand Wi-Fi and BLE.		SAR 915
Nature Mni PRO	10.005590	LS268-GR3	Nature Mini Pro(Grey 3 way)	4-inch HD touch screen; customizable operating system,; multiple protocols including CoSS, Zigbee, dual brand Wi-Fi and BLE.		SAR 915
Switch module (suitable for exisitng switches, installed back of the switches to convert them smart)						
CUBE Switch Module	11.004920	LS176	CUBE Switch Module (1 way)	Work with Smart Station, 1 way, transform a traditional switch to a smart one, compact size, fit in different light switch backboxes		SAR 223
CUBE Switch Module	11.004930	LS177	CUBE Switch Module (2 way)	Work with Smart Station, 2 way, transform a traditional switch to a smart one, compact size, fit in different light switch backboxes		SAR 246
CUBE Switch Module	11.007540	LS193	CUBE Switch Module PRO (3 way)	Work with Smart Station, 3 way, transform a traditional switch to a smart one, compact size, fit in different light switch backboxes		SAR 270
Smart Switch Air						
Smart Switch Air	11.013420	LS222-WH4	Smart Switch Air (8 Key 4 Way White)	Smart Switch Air series replace your traditional switch with CoSS protocol to make your life easier.		SAR 270
Blend Switch Pro without Neutral(1gang, 2gang, 3gang, White and Grey)						
BLEND Smart Switch PRO	10.004190	LS240-LW1	BLEND Switch PRO(SL/White 1 way)	The upgrade version of the BLEND Smart Switch, optimize the led light band effect, frosted large plate keys, upgrade the key experience . Work with Smart Station, 86 type, customized 16 million colors panel light, dual control, multiple control. SL:Single live wiring switch		SAR 305
BLEND Smart Switch PRO	10.004200	LS240-LW2	BLEND Switch PRO(SL/White 1 way)	The upgrade version of the BLEND Smart Switch, optimize the led light band effect, frosted large plate keys, upgrade the key experience . Work with Smart Station, 86 type, customized 17 million colors panel light, dual control, multiple control. SL:Single live wiring switch		SAR 328
BLEND Smart Switch PRO	10.004210	LS240-LW3	BLEND Switch PRO(SL/White 1 way)	The upgrade version of the BLEND Smart Switch, optimize the led light band effect, frosted large plate keys, upgrade the key experience . Work with Smart Station, 86 type, customized 18 million colors panel light, dual control, multiple control. SL:Single live wiring switch		SAR 352

Life Smart Price List Saudi Arabia

BLEND Smart Switch PRO	10.004220	LS240-LG1	BLEND Switch PRO(SL/Gray 1 way)	The upgrade version of the BLEND Smart Switch, optimize the led light band effect, frosted large plate keys, upgrade the key experience . Work with Smart Station, 86 type, customized 19 million colors panel light, dual control, multiple control. SL:Single live wiring switch		SAR 305
BLEND Smart Switch PRO	10.004230	LS240-LG2	BLEND Switch PRO(SL/Gray1 way)	The upgrade version of the BLEND Smart Switch, optimize the led light band effect, frosted large plate keys, upgrade the key experience . Work with Smart Station, 86 type, customized 20 million colors panel light, dual control, multiple control. SL:Single live wiring switch		SAR 328
BLEND Smart Switch PRO	10.004240	LS240-LG3	BLEND Switch PRO(SL/Gray 1 way)	The upgrade version of the BLEND Smart Switch, optimize the led light band effect, frosted large plate keys, upgrade the key experience . Work with Smart Station, 86 type, customized 21 million colors panel light, dual control, multiple control. SL:Single live wiring switch		SAR 352
Nature Switches Glass (1gang, 2gang, 3gang)						
Nature Switch	10.005360	LS220-WF1	Nature Switch (MATTE) (White AG Glass - White 1 way)	Work with Smart Station, 86 type, Touch Pro technology, tempered glass, customized 16 million colors indicator light, multiple control, work with Apple HomeKit, Google Assistant, Amazon Alexa		SAR 305
Nature Switch	10.005370	LS220-WF2	Nature Switch (MATTE) (White AG Glass - White 2 way)	Work with Smart Station, 86 type, Touch Pro technology, tempered glass, customized 16 million colors indicator light, multiple control, work with Apple HomeKit, Google Assistant, Amazon Alexa		SAR 328
Nature Switch	10.005380	LS220-WF3	Nature Switch (MATTE) (White AG Glass - White 3 way)	Work with Smart Station, 86 type, Touch Pro technology, tempered glass, customized 16 million colors indicator light, multiple control, work with Apple HomeKit, Google Assistant, Amazon Alexa		SAR 352
Nature Switch	10.005420	LS220-GM1	Nature Switch (MATTE) (Black AG Glass - Gray 1 way)	Work with Smart Station, 86 type, Touch Pro technology, tempered glass, customized 20 million colors indicator light, multiple control, work with Apple HomeKit, Google Assistant, Amazon Alexa		SAR 305
Nature Switch	10.005430	LS220-GM2	Nature Switch (MATTE) (Black AG Glass - Gray 2 way)	Work with Smart Station, 86 type, Touch Pro technology, tempered glass, customized 21 million colors indicator light, multiple control, work with Apple HomeKit, Google Assistant, Amazon Alexa		SAR 328
Nature Switch	10.005440	LS220-GM3	Nature Switch (MATTE) (Black AG Glass - Gray 3 way)	Work with Smart Station, 86 type, Touch Pro technology, tempered glass, customized 22 million colors indicator light, multiple control, work with Apple HomeKit, Google Assistant, Amazon Alexa		SAR 352
Nature Switch	10.004320	LS220-WM6	Nature Switch Scene Panel (6 Key)(Black AG Glass - White 3 way)	This product supports up to six scene buttons and utilizes fantasy LED lighting as the backlight, allowing for custom color adjustments from 16 million colors.		SAR 399
Nature Switch	10.004330	LS220-GM6	Nature Switch Scene Panel (6 Key)(Black AG Glass - Gray 3 way)	This product supports up to six scene buttons and utilizes fantasy LED lighting as the backlight, allowing for custom color adjustments from 16 million colors.		SAR 399
Nature Switch (heavy Duty)						
Nature Switch	10.004670	LS220-GRH	Nature Switch (Heavy Duty)	LifeSmart's Nature Switch(Heavy Duty) is a smart switch designed to control high power machine or device. It uses the high-power latching relay that can withstand high current and control the live and neutral loop connect or disconnect at the same time.		SAR 328
Clicker, Remote and Socket						
CUBE Clicker	11.002670	LS069WH	CUBE Clicker (White)	Work with Smart Station, can be attached anywhere, one-click to easily switch to different senes, 1 battery power supply		SAR 94
				Smart Remote control white		SAR 129
DEFED Series	11.006830	LS201WH	DEFED Key Fob	A portable and easy-to-use ancillary control of alarm system. It can be fastened in the keys and be taken to everywhere with ease. -Battery CR2032, -4 buttons, -LED Indicator		SAR 129
Plug	11.012520	BSD48	Smart Plug(ZigBee UK, with Monitor Energy Usage)	Work with Smart Station, energy-consumption monitoring, remote control, easy pairing, flameresistant material, energy saving		SAR 153
3rd part connection						
Controller	11.007590	LS080HV	485 Converter	Work with Smart Station, easy to integrate 3rd party 12/24V devices with LifeSmart system		SAR 399
Controller	11.000570	LS143	General Controller	Work with Smart Station, easy to integrate 3rd party 12/24V devices with LifeSmart system		SAR 305
Strip lights						

Life Smart Price List Saudi Arabia

Lighting	11.000740	LS065	BLEND Light Strip (24V)	Work with Smart Station, over 16 million colors and white light, brightness adjustment, low power consumption LED technology, free length customization, interactions with the entire LifeSmart Smart Home System		SAR 375
Lighting	11.000900	LS012	Light Strip Controller	Work with Smart Station to control the Light Strip		SAR 211
Lighting	81.000160	/	Light Strip (2meters)	2 meters in length		SAR 141
Connector	70.000130	/	Light Strip Connect Cable	Light Strip Connect Cable		SAR 4
Connector	24.900690	/	Light Strip Connection Pin	Light Strip Connection Pin		SAR 2
Dimmer lighting control						
Dimmer Controller	11.013660	LS265	CV Dimming Controller	LED dimming color and constant voltage controller (CV Dimming Controller), canbe used for intelligent constant voltage lighting systenn, through PWM dimmingtechnology to achieve stable, soft, unified dimming effect.		SAR 305
Dimmer Controller		LS223BL	Triac dimmer	Triac dimmer, black, grey frame		SAR 282
Smart Locks						
Smart Lock	10.005300	11.012510+82.001400+82.001440	Smart Door Lock C200_Black(30 hook - Wooden door)	Access to LifeSmart system through the "Coss", standard 6068 lock body, suitable for door thickness of 40~122mm, appearance, child lock, voice, unlocking method, fingerprint experience, lock core comprehensive upgrade, a grip that opens the door, so that every time you open the door is safe and worry-free, to create a more comfortable smart home scene experience.		SAR 1,290
Sensors						
DEFED Series	11.006840	LS202WH	DEFED Door/Window Sensor	A narrow design opening contact, applicable for any windows or doors you want. The built-in temperature sensor could make users aware of room environment. -Tamper Protection, -Battery Life Up To 10 Years, -800M signal transmission		SAR 164
DEFED Series	11.007250	LS203WH	DEFED Motion Sensor	The PIR sensor is combined with a temperature sensing element for detection accuracy at higher temperatures.		SAR 199
DEFED Series	11.007510	LS204WH	DEFED Indoor Siren	Indoor Siren is a warning device in home security system with LED indicator and temperature sensor, providing sounds >80dB. As there is an intruder, the equipment will be triggered to drive him/her away.		SAR 246
Cube Series	11.002460	LS058WH	Cube Door/Window Sensor	Work with Smart Station, real-time feedback on door/window status, 24/7 alert, low power consumption, history record, added the function of scenes control, 1 battery power supply		SAR 153
Motion Sensor PRO	11.013810	LS235WH	Motion Sensor PRO	Motion Sensor PRO adopts a rectangular body and a speciallydesigned large battery compartment, reproducing the classicelements of Leica-like cameras.		SAR 176
Cube Series	11.002480	LS063WH	Cube Environmental Sensor	Work with Smart Station, simultaneously monitor the temperature, humidity and illumination, LCD display, low power consumption, history record, 1 battery power supply		SAR 188
Sensor	11.005730	LS064WH	Water Leak Sensor	Work with Smart Station, water leak detection, 24/7 alert, low power consumption, history record, 1 battery power supply		SAR 188
Sensor	11.005750	LS086WH	Gas Sensor	Work with Smart Station, gas leak detection including methane, natural gas and biogas, 24/7 push notification and sound alert, sensitivity adjustable, history record, 5v Power Supply		SAR 293
Sensor	11.009350	MIR-SM100	Independent Photoelectric Smoke Detector(ZigBee)	Independent Photoelectric Smoke Detector adopting advanced optical sensing principle, it can quickly detect smoke at the early stage of a smoldering fire, discover the occurrence of fire as early as possible. With sound alarm and transmit a wireless signal to the gateway, it alerts users to call the police, extinguish or escape in time and helps to reduce losses.		SAR 211
Sensor	11.009610	JT-GA102	Household Gas Detector(ZigBee)	The product adopts advanced small current gas sensing element and built-in temperature compensation, works steadily and simple to install. It can detect small combustible gases in the air in time, support audio and optical alarm(>70dB),and transmit the alarm signal to the customer's mobile phone APP through the Smart Station, so that the customer can be promptly dealt with.		SAR 340
Sensor	11.012440	MSA201 Z	Human Presence Sensor (ZigBee)	The human presence sensor adopts millimeter wave Doppler radar, sensing human movement and static presence. It detect via human movement Doppler parameters and human physiological parameters synchronized sensing technology for wireless perception of human status in the area, report the wireless signal to the gateway to activate smart scene linkage ; suitable for home, hotel, office and otherplaces.		SAR 563

Life Smart Price List Saudi Arabia

Curtains						
Curtain Controller	10.004290	LS240-GCN	Nature Swirch Curtain Controller	The Nature Switch Curtain Controller can be connected to electric. Users can remotely control the traditional curtain via mobile app, making the doors, windows and curtains to be smart or work with other smart devices.		SAR 352
Quicklink Curtain	11.004940	BCM100D	Quicklink Curtain Motor Suit (3.2m)	Work with Smart Station, scheduled task, including motor, 3.2 meter adjustable curtain track and a remote control		SAR 774
Quicklink Curtain	11.005420	BCM100D	Quicklink Curtain Motor Suit (5.2m)	Work with Smart Station, scheduled task, including motor, 5.2 meter adjustable curtain track and a remote control, 40kg load		SAR 892
Smart Curtain Accessory	11.012590	YR2188B	Dual-channel Remote Control_Tubular Motor(V2)	Dual-channel Remote Control_Tubular Motor(V2), Adapted to DC Tubular Motor(V2).		SAR 82
Smart Curtain	11.013430	TQA25	DC Tubular Motor-25	DC Tubular Motor-25, lightweight small body, adaptable to multiple scenes.		SAR 551
Smart Curtain Accessory	59.000680	/	DC Tubular Motor(V2)-25 Accessory	DC Tubular Motor-25, lightweight small body, adaptable to multiple scenes.		SAR 47
Smart Curtain		/	TP35-5/26EHU	DC Tubular Motor(V2) - 15Kg		SAR 915
Smart Curtain Accessory		/		Tubular Curtain Accessories Set for TP35-5/26EHU		SAR 47
AC Control						
Universal Remote Controller	11.007520	LS251WH	SPOT Mini Universal Remote Controller (CoSS)	All-in-one IR remote controller to active TVs, air conditioners, fans, DVDs, STBs, TV BOXes, etc. It covers nearly 6,386 brands of appliances, in 109 countries.		SAR 188
Nature Thermostat	11.009780	LS212	Central Air-conditioner Smart Controller PRO	/		SAR 587
Nature Thermostat	10.004140	LS220-WT1	Nature Thermostat (Gray Frame - Black Glass)	LifeSmart's Nature Thermostat has three fan speed interfaces and two valve interfaces for HVAC or floor heating system control and management. It is suitable for household, commercial and industrial scenarios. It controls the fan coil and electric valve, electric ball valve or air valve at the end of the HVAC or floor heating system.		SAR 528
Nature Mini PRO Series	10.005500	LS268-WT1	Nature Mini PRO (White Thermostat)	Central air-conditioner and floor heating two-in-one control panel. In summer, comfortable environment is reached by controlling the fan coil of fan coil system with local temperature. can also work as a gateway and a smart home control panel.		SAR 915
Nature Mini PRO Series	10.005610	LS268-GT1	Nature Mini PRO (Grey Thermostat)	Central air-conditioner and floor heating two-in-one control panel. In summer, comfortable environment is reached by controlling the fan coil of fan coil system with local temperature. can also work as a gateway and a smart home control panel.		SAR 915
